BY EDWARD H. BRITTON.

TERMS FOR PAPER:  
DAILY BULLETIN (per annum) \$6.00.  
WEEKLY BULLETIN (per annum) \$4.00.  
CATAWHA JOURNAL (per annum) \$1.00.

combat, it is to-day the strongest and most effective army ever assembled on the continent—much stronger, even in numbers, than is generally supposed. It has more and better artillery than any other army in the world ever had.

Yet a little while longer must the sword and the bayonet wave in honor of five fresh heroic page in the annals of the American Republic. Then enough will come peace.

## CHARLOTTE.

MONDAY MORNING, JULY 7, 1862.

The News received by Telegraph will be found on the first page.

The

Hebe

On

Friday last the ladies of Charlotte, at least a number of them, visited the grave of the gallant Col. C. C. Lee, who led at the head of his command, the 3rd Regiment N. C. Troops, on Tuesday, the 2d July 1862.

The ladies in rendering their tribute of respect, planted near the head of the grave a Confederate flag shrouded in mourning, and erected a cross encircled with a wreath of pure white flowers. The grave was also decorated with flowers and evergreens. It was an exceedingly tasteful token of the esteem of the ladies.

### CO. C, 37TH REGIMENT.

The following is a list of the killed and wounded in Co. C, 37th Regt., N. C. Troops, commanded by Capt. Brown.

Killed.—John Beard, R. A. Moneth, Alex Warham.

Wounded.—W. W. Torrance, Lieut. H. L. Torrance, Thos. Gibson, in arm; M. M. M. in hench; Martin Hendrix in arm, H. W. Brown, leg and arm.

### The Hospital.

We are pleased to learn through Mayor Dawson that the proper authorities have given permission to use the Laboratory connected with the Military Institute now occupied by the Medical Department, in the suburbs of Charlotte, to be used as a Soldiers Hospital.

Contributors to this noble object will be pleased to learn that the funds they have appropriated for the comfort of sick and wounded soldiers will be advantageously expended to supply their necessities.

### The Southern Telegraph Line.

We are pleased to learn that the Southern Express Telegraph Line being constructed between Charlotte and Raleigh has been completed as far as the Company's Shops.

At Greensboro, where the line reached some six days since, the wire has been put up leading to Danville, which is connected by the authorities on the Danville line.

would give us through communication with Richmond at least half the distance over which dispatches are now transmitted.—Besides the business would be divided, thus relieving the anxiety of the public, for consequence of the great amount of business, highly important dispatches that had been deposited in the office at Richmond on the 1st of July were not received here until the 4th, thrice the time consumed by regular mail communication.

It is highly important to the public that the Danville line be immediately connected with the Southern Express line at Greensboro, and we hope the indefatigable and worthy superintendent, Col. R. B. Bullock, will promptly exert his influence to complete the connection at as early a moment as may be practicable, for the public exigencies need the facilities it would afford.

### Humors.

Rumors in Richmond, Petersburg and Charlotte, about this particular time, and especially on the arrival of every train, camp follower or deserter, are as thick as Blackberries in June.

We frequently receive through our exchanges the most extravagant sensations paragraphs, and from Passengers by Rail Road trains, marvelous accounts from the field of battle; every one having his own tale and not one agreeing with the other as to facts.

We have, and always will, avoid giving publicly through our columns, to flippant rumors of the day, and reports from "a reliable gentleman."

If they have not room for 10,000 additional prisoners in Richmond, send them to Charlotte and the Hornet's Meeklinburg can very easily dispose of them.

### Letter From New York.

The New York Herald of the 28th ult. placed in our hand by a gentleman of this city, says:

Gen. Pope entered upon his duties as commander of the army of Virginia, on the 27th June.

As regards the battle on James Island, the Herald acknowledges the Yankees were repulsed with heavy loss. The 79th N. Y. Highlanders suffered severely. The 8th Michigan suffered equally.

The service was heavy.

In consequence of Benton's failure to accomplish the route of the rebels on James Island, he has been called home and put under arrest.

The loss of the Yankees was 668 killed, wounded and missing.

Fremont has been relieved of his commission at his own request in consequence of Pope superseding him.

Rufus King has been appointed to succeed Fremont.

The Herald is filled with correspondence touching the battle before Richmond on Wednesday the 25th June.

### Important Decision.

We learn through an extra from the State Journal that the Secretary of War has authorized Maj. Mallett to exempt all militia commissioned officers from conscription, who are recognized by the State authorities, as subject to orders and liable to be put in command.

The Charlotte Mercury, of the 11th, says: "Another big steamer, laden with everything that we want, has reached a point on the coast where her cargo can be made available. We need not be more explicit. As we doubt not that when our citizens go down town this morning, they will tell us all about it."

### The Envoy by Mail from Rich mond.

EARLY WITH THEIR HILLS.

The Petersburg Envoy of Saturday morning advises us that the state of affairs on the Peninsula on Friday last, says:

A gentleman who came up from a recently opposite Berkley last night, informs us that the train of wagons, the tents, and the large body of troops before referred to were at Berkley all day yesterday. He counted nearly eight hundred, including said wagons teams transports and ambulances in the vicinity. All was quiet on the shore yesterday, but about 30 minutes past one o'clock heavy commanding commenced in the rear of Berkley, and continued about a half hour. It then ceased, and subsequently dense column of smoke from the Proctor Match's vigilant sentinels, and were enabled to make their appearance before Gen. Winder this morning at 9 o'clock.

### FROM RICHMOND.

AT THE

PETERSBURG, July 3, P. M.

Occasional firing was heard to-day near of Wauwatu's Court House, Chester City county, twenty-eight miles from Rich mond.

Several fugitives from McClellan's army were arrested on this side of the river to-day. Five boys, juniores brought in and bound in Petersburg, Va. Others have been arrested near Bermuda Hundred and taken to Dryer's Bluff. All of them say that McClellan's army heavily routed.

The enemy abandoned Cedar Neck on Tuesday night, leaving twenty pieces of cannon, several hundred boxes of fixed ammunition, together with a vast amount of commissary and other stores. Persons in the vicinity learned the army was about dismounted and exhausted.

Many of their dead were buried at Shiloh, and several of their wounded were left there.

Cannibals are still hovering about Berkley, and shooting the woods in that vicinity.

### YANKEE TROOPS.

Many wagon loads of war material,

as those of the Yankees and left on the battle-field, were brought to this city during yesterday. When any of the wagons containing Yankee plunder would come to a halt on the streets, they would soon be surrounded by a crowd, who would examine with curious interest the relics left by our Northern brethren.

We understand that for several days past the Government has had teamsters employed gathering up everything of value left on the different battle-fields. The yield in muskets, canon, overcoats, jackets, &c., promises to be enormous. The vandals destroyed all the guns they could, but still left a good many.

### YANKEE CANNIBALS.

Many wagon loads of war material,

as those of the Yankees and left on the battle-field, were brought to this city during yesterday. When any of the wagons containing Yankee plunder would come to a halt on the streets, they would soon be surrounded by a crowd, who would examine with curious interest the relics left by our Northern brethren.
